Airshow China 2022 Epidemic Prevention and Control Statement

(for Exhibitors)

In order to ensure the health of all participants of the 14th Airshow China, we undertake to cooperate with the COVID-19 prevention and control measures as required by the show, declare health status for our staff members and invited visitors, furnish the 14th Airshow China Epidemic Prevention and Control Statement, and make sure there is no record of abnormal symptoms, and do not have any circumstances described in the following:

1. Within 7 days before entering show site, have traveled or lived in cities of medium-high risk areas (or local epidemic areas), as well as areas deemed inappropriate to attend the show by the Health Authorities of Zhuhai.
2. Have a red or yellow health code on health record on the day of admission.
3. Within 7 days before entering show site, had contact or exposed with confirmed cases, suspected cases, asymptomatic infected persons or close contacts.
4. Within 7 days before entering show site, have appeared one of the following symptoms, and has not received any medicare to rule out the COVID-19 pandemic, including fever, dry cough, lacking in strength, anosmia or taste disorders, stuffy nose, runny nose, sore throat, conjunctivitis, muscle pain, diarrhea and so on.
5. Have not completed centralized quarantine and health monitoring at home as required after immigration into China.
6. Without a negative nucleic acid test result in valid dates.

We ensure that all our staff members and invited visitors will complete the following tasks:

1. Centralized stay in designated hotels, implement 'One person, one file' and 'show-hotel closed loop travel' management.
2. Complete the declaration of epidemic prevention on 'Zhuhai Airshow' WeChat mini program or app for approval within 24 hours before admission.

We've read and understood the above terms and conditions of this statement, and shall be liable for any consequences caused by any delayed or false declaration.
