

The 13th Airshow China Epidemic Prevention and Control Commitment (Company Version)

In order to ensure the health of all participants of the 13th Airshow China, we undertake to cooperate with the COVID-19 prevention and control measures as required by the show, declare health status for our staff members and invited visitors, and furnish The 13th Airshow China Personal Health Screening Form. The staff member's commitment shall be collected by our company for the organizer's reference, and the visitor's shall be submitted at the entrance.

Staff member refers to the holder of an exhibitor badge, contractor badge, media badge, or show staff badge.

Visitor refers to the holder of a trade visitor badge, or a public day ticket.

Health declaration requirement: In 14 days before show opening (from September 14), a daily health declaration shall be made on the "Yuekang Code", and the body temperature shall be checked in every morning and evening, with no abnormal record in self-observation.

We hereby promise that our staff shall have been vaccinated within 14 days prior to show opening or hold 3 consecutive negative nucleic acid tests within 7 days.

We've read and understood the above terms and conditions of this commitment, and shall be liable for any consequences caused by any delayed or false declaration.
